Microsoft SQL Server – User einem Login zuordnen

Alte Version – wird mit SQL Server 2012 noch unterstützt:

```
USE [dbname];
GO
EXEC sp_change_users_login 'Update_One' 'dbuser' 'login';
GO
```

http://msdn.microsoft.com/en-us/library/ms174378.aspx

Neue Version:

```
USE [dbname];
GO
ALTER USER dbuser WITH LOGIN = login;
GO
```

http://msdn.microsoft.com/en-us/library/ms176060.aspx

kb, windows, sql-server
