

# Microsoft SQL Server - User einem Login zuordnen

**Alte Version - wird mit SQL Server 2012 noch unterstützt:**

```
USE [dbname];  
GO  
EXEC sp_change_users_login 'Update_One' 'dbuser' 'login';  
GO
```

<http://msdn.microsoft.com/en-us/library/ms174378.aspx>

## Neue Version:

```
USE [dbname];  
GO  
ALTER USER dbuser WITH LOGIN = login;  
GO
```

<http://msdn.microsoft.com/en-us/library/ms176060.aspx>

[kb](#), [windows](#), [sql-server](#)
