

# Microsoft SQL Server – User einem Login zuordnen

**Alte Version – wird mit SQL Server 2012 noch unterstützt:**

```
USE [dbname];
GO
EXEC sp_change_users_login 'Update_One' 'dbuser' 'login';
GO
```

**Neue Version:**

```
USE [dbname];
GO
ALTER USER dbuser WITH LOGIN = login;
GO
```

[kb](#), [microsoft](#), [sql-server](#)
