

Microsoft SQL Server - User einem Login zuordnen

Alte Version - wird mit SQL Server 2012 noch unterstützt:

```
USE [dbname];  
GO  
EXEC sp_change_users_login 'Update_One' 'dbuser' 'login';  
GO
```

Neue Version:

```
USE [dbname];  
GO  
ALTER USER dbuser WITH LOGIN = login;  
GO
```
