Fix piix4_smbus error in Linux running in VMWare

```
[    1.049966] piix4_smbus 0000:00:07.3: SMBus Host Controller not enabled!
[    1.766936] sd 0:0:0:0: [sda] Assuming drive cache: write through
/dev/sda1: clean, 133745/1277952 files, 1272811/5111552 blocks
_
```

```
# echo blacklist i2c_piix4 >> /etc/modprobe.d/blacklist.conf
```

kb, linux, vmware
